Cody Bear Reports for Duty

After 2 years of training, Cody has joined his partner and is now working to make life easier for Lt. Colonel Ty Edwards, US Marine.

During a week of team training at both the James A. Healy VA Hospital and Ty's home, Cody is well on his way to forming a bond with Ty based in both love and affection. The work for Cody is an added bonus.

We are very proud of both Cody and Ty and wish them the very best. We think these two smiling guys are going to have a very successful life together.

Zelda, a 7 year old black Labrador Retriever graduated from our PAWS Therapy Dog program. She is now spreading canine comfort and love on working therapy visits.

Zelda is handled and loved by Mr. Kenneth Meyer of Bonita Bay

Fred & Lee Tobias

Cody Bear at 7 weeks

A very special note of gratitude goes to

**Mr. Mike Kennedy of
Family Fence Company – Tampa**

Mike and his company donated all labor and materials to install a beautiful new aluminum fence at Ty and Anna's home.

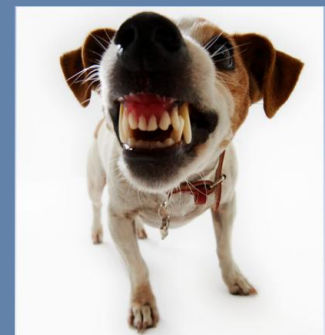

This generous gift, valued at over \$8,000 gives Cody and Ty, Anna, Mason & Alana a safe outdoor living area.

PAWS Assistance Dogs

Spring is always a busy time for the PAWS program as we are finalizing placements and welcoming new pups into the program.

First to arrive were Marley & Boodah, 8 week old Golden Retrievers. These beautiful puppies were provided to PAWS by Jerrie Morrison of Omni Goldens.

To learn more about Jerrie and her dogs, visit her website at www.omnigoldens.com

Boodah and Marley will go to puppy raiser homes as soon as they are crate trained and housebroken. They will also get a head start in obedience and start early task training work.

PAWS Shelter Graduates

Teagan is the mascot and dock dog for Hamilton Harbor Yacht Club where she spends her days riding golf carts, lounging on yachts and chasing pesky pelicans.

Josie is providing much needed comfort and companionship for someone with bi-polar disorder.
